DECLARES THAT THE KLONDIKE MINING DISTRICT WILL BECOME EVENTUALLY A SECOND TONOPAH

That the Klondike mining district will eventually become a second Tonopah is the firm opinion of James Golden, who has been working in that region for the past four years. Recently Mr. Golden purchased the original mining company of that district and today he emphatically denied that he had merely taken a bond on the grounds. He stated that he had made a substantial cash payment and that other payments would follow in regular order until the purchase price had been fully paid. "Six leasers and myself are now shipping ore," declared Mr. Golden. "I have sold several leases for considerable money and am now in position to grant at least 40 more, as the balance of the ground, not now being operated, will be opened to development work. The leases will be in blocks of 100 feet and along the ledge, which can be traced for over a mile. Every lease will be in the ore to start and can make shipments without very much delay." Mr. Golden declared that he was now contemplating constructing a pipe line from Klondike Wells, three miles distant, to the camp. He has a townsite which he owns, and is preparing to move several business houses to the district from Goldfield.

Golden is of the opinion that leasers do not hurt a camp, and if the ore exists, the leasing system is one of the best methods to build up a district. He stated that he was willing to furnish backing to good miners who desired leases. "That is, he is willing to furnish the necessary supplies for the men, providing they are willing to work." A 50-ton capacity mill was purchased a year ago by Golden and he states that he will soon have this plant erected on the ground. According to his estimation the dumps on the property contain between 15,000 and 20,000 tons of ore that will average between \$15 and \$20 to the ton. It is the idea to operate the 50-ton capacity plant at first and later to erect a new and larger plant, reserving the first mill for the treatment of custom ores.

Don't Pull Out The Gray Hairs; Restore Color

A FEW APPLICATIONS OF A SIMPLE REMEDY WILL BRING BACK NATURAL COLOR

"Pull out one gray hair and a dozen will take its place," is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that nature needs assistance. It is nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair-restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea" which our grandparents used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

Don't delay another minute. Start using Wyeth's Sage and Sulphur at once and see what a difference a few days' treatment will make in your hair.

This preparation is offered to the public at 50 cents a bottle, and is recommended and sold by all druggists. G-adv.

MALLEY RETURNS TO TONOPAH HOME THIS MORNING

BIG NYE COUNTY SHERIFF GREETED FRIENDS WITH HIS CUSTOMARY SMILE

With his customary smile, Sheriff Ed Malley greeted his friends and acquaintances this morning when he arrived from Goldfield. The big sheriff looked well and there was little trace to be observed of the recent ordeal through which he passed.

Sheriff Malley has been confined to the St. Mary's hospital at Goldfield for the last ten days, following the amputation of his right arm. The injury was caused by an accidental discharge of a shotgun at Beatty, the charge tearing through the upper part of the arm.

Malley intended leaving this morning for Los Angeles, but changed his mind at the last moment and returned to Tonopah. He did not linger very long at the depot and hastened to his home to avoid the chilling air. On his arrival home he stated he felt fine and expected to be about and attend to his official duties within the next five or six days.

During the time he was a patient in the Goldfield hospital Malley was cared for by Mrs. Malley and his sister, Mrs. Frank Walsh. They returned to Tonopah this morning with the sheriff.

AMUSEMENTS

Butler Theater

A large crowd enjoyed a splendid program at the Butler last evening, every picture being a huge success. The pictures for tonight are as follows: "Broncho Billy for Sheriff," featuring G. M. Anderson in his world renowned character of Broncho Billy; "Alladin Up-to-Date," an Edison comedy; "The Street Singer," a Kalem drama, giving you a true story of the present day; "The Smuggler," a Lubin drama.

KILLED BY HIS NEPHEW

CHICAGO, Oct. 29.—Thomas McGinnis, 47 years old, died last night, three hours after he had been shot by his nephew, Edward Tierney, 20 years old, because of a rebuke administered to the young man by his uncle for staying out late at night. Tierney has so far eluded the police.

STRIKE IS BROKEN

MANILA, Oct. 29.—The cigar makers' strike was partially broken this morning, after lasting a month. Of the 14,000 strikers, 2500 registered at the factories and returned to work and it was expected the remainder would resume soon.

REMINGTON UMC

The Remington Club picks the only real single loader

AUTOLOADING SHOTGUN

For singles—trap or field—just toss in a shell, press the button and—"PULL." The slide bolt makes it easy. You don't have to tug at the barrel or watch an on-and-off device. The action stays open after each single shot is fired—it always stays open when the magazine is empty. Five shots—three to get the cripples—each under absolute control of the trigger finger. The recoil loads for you—kicks another shell in; takes the strain off the gun—the discomfort out of the kick—all without diminishing the drive behind the shot. Simple take-down—a few turns of the readily handled magazine screw-cap makes cleaning, carrying and interchange of barrels quick and easy.

Send for a motion picture booklet telling how the kick is used—how a friction device found only on the Remington-UMC Autoloading Shotgun takes the punishment out of heavy loads.
